

*Does your IT system work and support your users? Is it secure? Have the right requirements been addressed?*

PCG | **Technology Consulting**

Public Focus. Proven Results.™

## Our Mission

To deliver cost effective, high quality IT consulting services to state and local governments to support the successful accomplishment of their systems implementation goals.

## Who is PCG Technology Consulting?

A unit of Public Consulting Group (PCG), PCG Technology Consulting (PCG TC) is a leading provider of IT consulting services to state and local government agencies, with more than 15 years in the field. We find cost-effective ways to help clients deliver successful IT systems that enhance the lives of the user base.

## A leader in government IT consulting

- » Successful projects totaling in excess of \$5 billion in one-time development costs
- » Helping clients navigate through the complete IT life cycle, from project inception to design to maintenance
- » Managing IT risk for clients across the world

*"The California Department of Corrections and Rehabilitation (CDCR) contracted with Public Consulting Group (PCG) to perform a business process analysis and feasibility study report that led to the formal authorization of the \$450 million Strategic Offender Management System (SOMS). PCG currently provides SOMS with Project Management delivered by a highly qualified team. I cannot say enough about the quality of work and the effort the PCG team has brought to this project as they have assisted CDCR with each go-live stage."*

*Leisa Rackelmann, SOMS Project Director*
