

Subject Matter Expert Meredith Keedy-Merk

A Field Associate and Special Education Subject Matter Expert at PCG, Meredith Keedy-Merk has over twelve years of experience in special education, with a background in teaching, administration, and district-level special education leadership.

Expertise

- Special education
- Students with significant disabilities
- Special education leadership
- Special education formative and summative assessment
- Curriculum mapping
- Unpacking standards
- Student behavior

Experience

Prior to joining PCG, Meredith was a teacher in Ocala, Florida, where she taught students identified with emotional and behavioral disabilities and modeled classroom management techniques for special educators throughout the Marion County School District. As a special education resource classroom teacher within Indiana's North Montgomery School Corporation, she developed visual learning schedules and modified academic curriculum for students ranging in ability levels and served on the Crisis Intervention Team. She went on to become Dean of Students and Local Special Education Coordinator at Flat Rock Hawcreek School Corporation in Indiana and is currently a consultant at Indiana's Project SUCCESS.

Speaking Engagements

Meredith holds a B.A. in Special Education from the University of Evansville, and a Master's in Educational Leadership from Butler University.
