

# 1115 Reentry Demonstration Waiver Services

In alignment with Section 1115 of the Social Security Act, the Centers for Medicaid and Medicare Services (CMS) encourages states to implement innovative service delivery systems that facilitate successful reentry transitions for Medicaid-eligible justice-involved individuals leaving the prison system. States can apply for demonstration authority to receive federal financial participation (FFP) for expenditures in youth and adult carceral settings. Public Consulting Group (PCG) can help states navigate and optimize this opportunity.

## What We Do

### Waiver Design & Evaluation

- Research, planning, and needs assessment
- Stakeholder engagement, data collection, and analysis
- Evidence-based practice implementation
- Waiver drafting and assistance with CMS negotiations
- Waiver evaluation design

### Third Party Administration (TPA) Services

#### Project Management

- Project Management Office (PMO)
- Federal reporting and compliance

#### Medicaid Claiming and Reporting

- Facility and provider enrollment
- Managed care organization (MCO) and provider network and contract management
- Claims administration and reimbursement technical solutions
- Customer service center
- Case management services and coordination across systems

### Operational Support

- Facility and provider readiness assessment
- Policy and procedure development
- Grant management
- Capacity building and training
- Communication and outreach

## Why PCG

With over 35 years of experience helping states administer programs related to Medicaid, criminal justice, behavioral health, and community-based wraparound providers, PCG is uniquely qualified to provide consulting and operational support for reentry demonstration waivers.
