

# Eclipse Certification & Compliance Services (ECS)

**PUBLIC**  
CONSULTING GROUP

Driving an outcomes-focused and customized roadmap for your MES Certification and Compliance journey.

Do you have the support you need to navigate CMS Certification? Public Consulting Group (PCG) can help!

Don't lose money for valuable state programs. PCG's ECS team can help you answer key questions as you begin your CMS certification journey.

- ✓ How can I make sure CMS Certification is prioritized within our MES Transformation?
- ✓ Can my organization receive FFP throughout the life of our Medicaid system?
- ✓ What are CMS required outcomes and how many outcomes does my project need?
- ✓ How many metrics for my outcomes does my project need and what qualifies as a metric?
- ✓ How can I best demonstrate to CMS the benefits of the project?
- ✓ What are the Conditions for Enhanced Funding (CEF) and how does my project demonstrate it meets them?

Here are a few things you should know as you begin your certification journey

2

There are two CMS reviews for Certification: the Operational Readiness Review (ORR) and Certification Review (CR).

6

Once your system is in production for at least 6 months, and you can report on approved metrics, a CR will be conducted with the CMS State Officer.

100+

There are more than 100 CMS outcomes; we'll help you determine which are applicable to your project.

7

Your project must submit seven Medicaid Enterprise System (MES) review artifacts for certification and we will help you ensure a comprehensive evidence package.

15+

PCG has provided CMS Certification support services in over 15 states, including the two largest Medicaid programs in the country.

22

States must ensure that the project complies with all 22 conditions for enhanced funding as provided in 42 C.F.R. §433.112.

## Supporting state Medicaid agencies for 30+ years

PCG has provided public program support and oversight services to more than 35 states and territories across the U.S. since 1986.

### The cutting edge of CMS Certification

PCG's Eclipse Certification and Compliance (ECS) experts have unparalleled expertise in successfully guiding projects through CMS certification. We keep all our projects informed of the evolving nature of CMS requirements through effective communication with CMS and important lessons learned from our certification work with over 15 different states. **We help states ensure Certification Management is prioritized whether for a single module or their entire MES transformation!**

### Supporting MES modernization with solutions that matter.

PCG has the expertise to help you manage CMS Certification compliance through:

**SMC Certification as a Practice**

**Planning & Funding Documents (APDs)**

**Testing/Security Alignment**

**ORR/CR Preparation & Management**

**Organizational Change Management**

**MITA SS-A Development**

**Get in touch with our experts to learn more, and discuss how we can work with your organization to help you better understand CMS' SMC/OBC Certification process.**
